sugar skull art activity

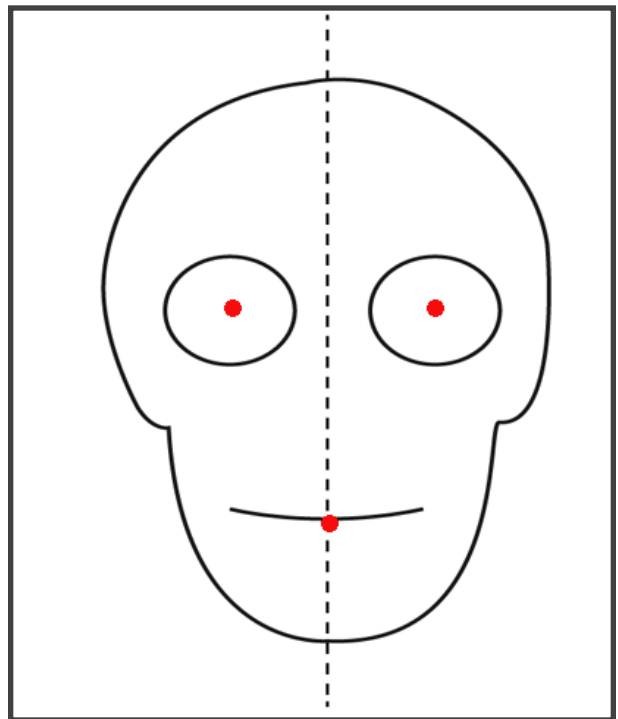

Fold paper in half. Crease then open up & flatten. Make a small dot near the top, bottom, and two sides.

From the top dot, draw a curved line to the right hand dot. Do the same for the other side.

Starting at the right hand dot, draw a curved line to the bottom dot. This is the chin so don't make the curve line too wide. Repeat on other side.

Draw two dots where you want the eyes and draw circles around dots. Add a line for a mouth.
